## SELECTMEN'S REPORT

Nineteen ninety-three marks the two hundred and thirty second year of Marlow's existence as a Chartered Town. Through the course of these years Marlow's population has waxed and waned in accord with the general economic and demographic factors affecting the nation. During the preceding decade Marlow experienced extensive building activity, and the resulting population increase, as record numbers of people sought new environments in which to live. Although this flow has decreased to a mere trickle in the shadow of a soft economy, we are now faced with the cost and responsibility of providing and maintaining the services that our larger, less centralized, population requires. These services include fire and police protection, a library facility, waste disposal and highway improvement and maintenance. This later is by far the most expensive and most important.

The cost of providing this service requires a sizable portion of our tax dollars, regardless of whether we live on town roads and are familiar with it, or on a state road where this service is provided by the state. Our highway department employs three full time workers and maintains an assorted array of service vehicles. These men not only maintain and improve our road network, they also maintain and repair the vehicles. They are always available to work through the night, through holidays and weekends should the need arise, as it all too often does. Much of their work this past year involved extensive brush and tree clearing and re-ditching along our narrower roads. This is an ongoing undertaking that will be continued through 1994 and beyond. In keeping with action of the March Town Meeting a critical section of the Sand Pond Road, which had previously been cleared and ditched, was resurfaced for a distance of about a half mile. Our efforts on this road, though impressive so far, cannot end here. We will continue this long overdue upgrade as time and funds allow.

This past year saw the demise of one of our dump trucks. Acquired used a number of years ago, it ultimately reached the point where further expenditure on repairs would be ill-advised. Being uninspectable, it was taken off the road and retired for parts. This left the department at a serious disadvantage and in need of a replacement vehicle. Consequently, and in consultation with our Road Committee, we have leased a new International dump truck with plow frame. This truck is currently being used for plowing and sanding and will be utilized for hauling gravel and in our ditching projects during the warmer months. Its permanent acquisition by the town is contingent upon town meeting action.

Road maintenance obviously requires material. This year we again find ourselves in need of an ample supply of crushed gravel. In the past we have purchased and crushed 3000 yards of gravel at a time, enough to satisfy two years of demand. In 1994 this procedure must be repeated, necessitating a major expenditure as reflected in our proposed highway budget.

Overall, 1993 was an interesting year. Despite inflation and a poor economy, Marlow's tax rate actually decreased. In a tax system based on property values, we always strive to ensure that the taxes you are assessed are based on accurate, current real estate assessments of your property. To this end we encourage the voters at town meeting to approve the remaining expenditure required for a complete revaluation of the town in 1994. Ten years have now elapsed since Marlow's property values were last set and much has occurred to render those values unrealistic. A new revaluation of the town will be based in part on an up to date, in depth, sale analysis of recent real estate transactions in this area in order to assign assessments to our homes and property that are as close as possible to current fair market values. While we cannot foretell what impact the revaluation will have on any particular tax bill, the new values set should represent a more accurate picture of your property's true value in today's economy.

We wish to report that in 1993 no one came forward to fill the positions on the Parks and Recreation Committee. Consequently, none of the funds appropriated for this purpose were expended. In past years this committee served a very positive function in our community. However, without a spirit of volunteering it cannot exist and, sadly, perhaps its time is over.

The inevitable passage of time eventually results in changes. Just such a change occurred in our little town office family as our two long time secretaries, Frances Strickland and Ellen Jackson, retired after contributing many years of loyal and productive service. Their dedication and expertise will be long remembered. For ourselves and our townspeople we express our heartfelt gratitude for a job well done. Our new secretary is no stranger to town government having previously served as selectman and treasurer. We welcome Carol Stewart back to the good life.

Finally, we wish to thank all of the citizens of Marlow for giving us the opportunity to serve you for yet another year. We hope you will read further in this report of our town and that you will attend and participate in the March Town Meeting. It is through your participation and input that we are guided in the ensuing year.

The members and staff of your town government wish each and every one of you a healthy and prosperous year.

## MARLOW PUBLIC LIBRARY ANNUAL REPORT

The Marlow Public Library continued its tradition of offering programs to its citizens. Our 4th Annual Games Night was held in May. We always have a lot of fun and have the opportunity to learn new games. Little Red Wagon was back this year in July with stories, puppets and songs. For the first time in memory, it was held inside Jones Hall because of rain. We again participated in the CHILIS Summer Reading Program. The theme this year was "Ketchup On Your Reading." Children took part in bread making, sharing chocolate desserts, making popcorn pictures, tasting Hawaiian treats, making peanut butter logs, searching out treasure by following maps and going on a trip to Stoneyfield Farm Yogurt factory with free frozen yogurt at the tour's end.

The Library was the recipient of some wonderful donations this past year. Highland Communications hooked up its cable to our new television at no charge. We received an anonymous donation of \$1,000.00 to be used toward funding children's programs that encourage reading. A \$50.00 anonymous donation and a \$20.00 in memorium donation allowed the Librarian to purchase some extra books. We thank these donors for their wonderful generosity from the bottom of our hearts.

A volunteer workshop was held January 27th for those people wanting to help out at the Library, filing, covering books, reshelving books, etc. Future workshops will be held if you missed this one and would like to be a volunteer.

Speaking of volunteers, we would again like to express our thanks to Frances Strickland, Arlene Rhoades and Pat Thompson for their help.

We are hoping that the townspeople will vote to provide matching funds for "Project Access." This will allow our Librarian instant access to the State Library's computer that will, among other things, find the exact location throughout the State of a particular book, magazine or video that can be borrowed through inter-library loan.

## MARLOW VOLUNTEER FIRE DEPARTMENT ANNUAL REPORT

Marlow Fire Department responded to 33 incidents in 1993:

Chimney Fires	3
Grass Fires	2
Motor Vehicle Fires	2
Dwelling Fires	3
Other Building Fires	3
Motor Vehicle Accidents	3
Cover Other Towns	5
False Alarms	2
Mutual Aid	9
Hazardous Materials	1

1993 has been a busy year for the Marlow Fire Department. To begin with the number of incidents we responded to was up by 27% from last year. On the evening of March 31, we responded to our first major hazardous material incident. This was a substantial spill of home heating oil that reached a waterway in our town. It was discovered by children playing in the snow and required response by both Marlow Fire Department and N. H. Environmental Services.

A great deal of emphasis was placed on training this year. Most of the department was trained and received certification in Hazardous Material Awareness. Five members trained and received certification as career level fire fighters. We continue to train both to meet State and Federal mandates and to improve our service to the residents of this town.

We have lost some members this year due to three moving out of town. Marlow Fire Department is a volunteer department. We welcome and need all who can help in any way.

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During Calendar Year 1993, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were campfires left unattended, unsupervised children and debris fires that escaped out of control. All of these fires are preventable, but **ONLY** with your help!

Please help your town and state forest fire officials with fire prevention. New Hampshire State Law (RSA 224:27) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done."

Violations of RSA 224:27 II and other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$1,000 and/or a year in jail and you are liable for all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wild land fire suppression during 1993 and participated in many fire prevention programs. This year, the nation is celebrating Smokey Bear's 50th anniversary. The State of New Hampshire Forest Protection Bureau will be working with many communities to spread the fire prevention message - "Remember...Only **YOU** can prevent forest fires. Fire prevention is the most cost effective fire suppression tool. Please be careful around fires and help us and our communities have a fire safe year.

### "REMEMBER...SMOKEY HAS FOR FIFTY YEARS!"

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or Division of Forests and Lands at 271-2217.

## OVERSEER OF WELFARE

Shortly after being elected to the position of Overseer of Public Welfare at the March 1993 town elections, Ross Potter informed the Board of Selectmen that, due to serious health problems, he would be unable to fulfill his duties. As state law mandates that a duly elected or appointed overseer will be available and functioning within seventy-two hours after any request for aid or assistance is received, the Board took immediate action to fill this position. On April 5, 1993, the Board appointed me in Mr. Potter's stead.

In contrast to the inhabitants of many other municipalities, both large and small, across the state, the citizens of Marlow were all able to accommodate themselves during this past year without turning to the town for assistance. In the current atmosphere of "welfare state mentality" it is commendable that our residents exercise so much responsibility for themselves and view town aid as a very last resort. There are, of course, other sources of assistance available, depending on the particular need. Your Overseer is familiar with community resources and will assist and guide all applicants in obtaining the appropriate assistance in an expeditious and confidential manner.

Because of the strict rules of confidentiality governing all matters relating to welfare and public assistance, the office of Overseer is a very serious and responsible position. It is governed by precise laws and guidelines. Anyone aspiring to this position of public trust in any community must be prepared to exercise the highest standard of professional ethics. No other function, with the exception of the police, exposes the town to such a high level of legal liability as does this office.

Respectfully submitted,

Joseph N. Feuer  
Overseer of Public Welfare

## REPORT OF TOWN AUDITOR

The audit of the books and financial records for the year 1992 are completed. Cash book entries were verified to the source documents and invoices. The bank statements were reconciled to the checkbook and cash book balances.

The tax collector's computerized records and hard book were both accurate and balanced. The auditor's verification notices were mailed to anyone who owed taxes as of December 31, 1992.

The audits of the town clerk's records were found to be accurate, all of the dog licenses and motor vehicle permits were accounted for. There was one motor vehicle permit listed as being sent to Marlow, but Concord verified it was sent to another town. All of the marriage licenses issued were accounted for and filed in a book.

The trust fund accounts were examined and found to be in order with all the statements and invoices accounted for.

The library records were also found to be accurate with all the invoices accounted for. I would suggest that the figures on the check stub to be written in ink only, not pencil first, and to balance the checkbook by the monthly bank statements on the back of the statement. This would make it easier to verify the balances.

The financial records for all the town officers for the year of 1992 were found to be accurate and correct. This audit was conducted in accordance with State RSA Regulations.

Town Auditor

# MARLOW POLICE DEPARTMENT

## POLICE REPORT FOR 1993

The Police Department would first like to thank the selectmen, residents, and all other town agencies for their continued and much appreciated support during the past year.

Your Police Department answered 483 calls, made 21 arrests, spent 144 hours in court, patrolled our highways 205 hours, spent 46 hours on investigations, for a total of 897 hours, and 7,810 miles.

### BREAKDOWN OF THIS YEAR'S CASE LOAD:

This year, under an article in the Town Warrant, I am requesting that the town raise and appropriate the sum of \$12,000.00 for the purpose of purchasing a used police cruiser and equipping it for the department to use to patrol, arrest and transport. As a result of incidents that happened last summer involving unmarked police cruisers, all police departments are going to be forced to have well-marked duty units in the very near future. Also, having a unit would lower the liability of an officer using his personal vehicle, and cut down on the liability of the town if anyone ever did use an unmarked vehicle for the wrong purposes within the town. I urge your serious consideration and ask your support on this article.

Between court witness fees and charging people a fee for picking up their stray dogs, the Police Department took in approximately \$291.00 to help defray expenses.

Beside the 483 calls handled by the Police Department, the Animal Control Officer handled 40 calls. Nine dogs and three cats went to the Monadnock Region Humane Society and six dogs were returned to their owners. The new dog trap was used three times and two cats were also trapped.

Chief of Police

## PLANNING BOARD REPORT

In the last year the Planning Board clarified its role a bit further, assuming control of the gravel pits in town, and held a major public hearing on the opening of a new one, hopefully resolving disputes to the satisfaction of all. We have also reduced the number of regulations that the board felt unnecessary. Last fall, we held hearings on a prospective site for a new Post Office.

We are proposing two items in this year's Town Warrant. We feel that they will help bring the Zoning Regulations in line with Site Plan Review procedures, making our roles consistent in both places. Once again, these proposed changes have the unanimous recommendation of the Marlow Planning Board.

Respectfully submitted,  
Peter Eisenstadter, Chairman

## REPORT OF THE TRUSTEES OF TRUST FUNDS

The Trustees had a pretty quiet, uneventful year this past year. Thanks to Sexton Rupert Thompson, Jr., the cemeteries got their usual excellent care. Due to many circumstances beyond our control, we were unable to make any progress in getting the Sargent Road Cemetery fenced as we had planned. Perhaps we will have better luck in accomplishing it next year. This project will be limited to the funds available in the Interest Account of the Sargent Road Cemetery Fund.

Action taken in the Capital Reserve Funds was as follows:

\$10,000.00 was added to the Heavy Highway Equipment Fund; \$6,000.00 was added to the Revaluation Fund; and a new fund was created at the School Meeting last March to be known as School Expendable Trust/Overbudget Tuition Expenses, and \$27,028.42 was deposited in it.

Again, we'd like to thank Rupert for his excellent care of the town cemeteries in the past year.

Also, we'd like to remind anyone who does not currently have Perpetual Care on their lot (many purchased prior to 1975 do not) to please consider establishing a perpetual care fund to care for the lot. Just see a Trustee and we'd be glad to explain it to you.

New funds received during 1993:

June 7, 1993	Prentiss, Delores & Gerald	\$125.00
October, 1993	Prud'Homme, Robert & Eileen	\$250.00
October, 1993	Hall, Judith	\$250.00
